Died in New Mexico

H. P. Cruickshank of Websterville has received word of the death of his brother, Dr. C. G. Cruickshank, at San Marcial, N. M., on Oct. 17, the cause of death being Bright's disease. He is survived by a wife, one son, four brothers and one sister.

Dr. Cruickshank was born in Quebec, Can., on the 11th of October, 1852. He was educated in the public schools and at St. Francis college in that city. When he was sixteen years of age he entered a cadet in the British military school in that city, from which he graduated in 1870 under Colonel Bagol, of the 49th South Lancashire infantry regiment. In 1873 he entered the medical department of the University of Michigan at Ann Arbor, from which he graduated in 1876 as a physician. He practiced medicine in Michigan until 1880, when he went to New Mexico and located at San Marcial, where he has remained ever since and has become identified with different interests, such as mining and agriculture.

When the Spanish-American war broke out he offered his services to the governor, and was commissioned first lieutenant in the 1st territorial regiment of infantry by Governor Otero. Later on he was promoted to be a surgeon, with the rank of captain. When the regiment was mustered out in Georgia he was kept in the service and sent to Cuba by the surgeon general of the army, where he served with the 5th cavalry and 15th infantry at Puerto Principe and Nuevitas. After the volunteers left the island and the typhoid fever epidemic had been cleaned out by the medical officers in the 5th cavalry he resigned and returned to New Mexico and resumed the practice of medicine at San Marcial.

Dr. Cruickshank was at the time of his death a member of the council from the counties of Sacro and Sierra, N. M.

Are You Out of Sorts

Many People, Not Really Sick, Are Out of Sorts—The Old-Time Energy and Spirits Are Lacking.

Something is needed to restore that animation that characterized the days before the system had been overtaxed or weakened by care, work, folly, excess or worry. Good, rich blood and strong, steady nerves are essential to perfect health and enjoyment of life. When vitality is lacking, pleasures cease and work becomes a drudge and drag. Blood is the well-spring and nerves the main-spring of the body. With either of them impaired life loses much of its charm. Nothing puts animation and satisfaction into living as quickly, safely and surely as Dr. Chase's Blood and Nerve Food. It soon brings you out of all unnatural mental or physical conditions due to either blood poverty or to nervous enfeeblement. Weigh yourself before taking it. This is the food that made the name "Chase" famous. The genuine is made only by The Dr. Chase Co., Philadelphia, Pa. Price 50 cents a box, five boxes, enough to give it a fair trial, \$2.00. Book free.

Sold and guaranteed by E. A. Brown.

Potted Flowers on Stockings.

With the departure of the lacework summer hose stockings of unusual designs are being shown, says the New York Press. Lace medallions are sewn on, giving a light, open work appearance to a stocking of really heavy texture. On black silk hose some fastidious Chicago girls have their favorite birds embroidered in the natural colors. But the climax has been reached by Miss Daley Letter. As she tripped across Madison avenue, in New York, one muddy day recently, it was seen that on one of her stockings was embroidered a flower pot with an entire rosebush.

The Dictator.

The dictator was a Roman magistrate who in times of great public peril was invested with absolute power. For over 400 years this office was regarded with great veneration until Sulla and Caesar, by their cruelties, rendered it odious, and it was abolished.
